

## Vend Lease

---

# Vend Lease Is Becoming Part of LEAF

Vend Lease is excited to announce that it's becoming part of LEAF Commercial Capital, Inc., a subsidiary of People's United Bank, N.A. LEAF is headquartered in Philadelphia, PA, with offices in Moberly, MO, and Orange, CA, and it provides equipment leasing and financing to businesses of all sizes nationwide.

LEAF and Vend Lease serve distinct but complementary equipment leasing and finance markets. This move supports not only our continued mutual growth but yours as well. By becoming a part of LEAF, Vend Lease is able to support your growth by providing even more finance options.

Vend Lease will continue under its own brand as a division of LEAF. As part of LEAF, we'll continue to provide the financing and service you've come to expect, backed by the people you know and trust.

What does this change mean for you? Here's what you can expect from us as part of LEAF:

- The same Vend Lease, led by the same team
- The same fast, flexible and easy leasing and finance process
- The same outstanding support from the same team you've come to know
- An even broader array of financing options

[Click here](#) for more on this exciting change, and as always, please feel free to contact me anytime with questions or comments.

Best regards,

A handwritten signature in black ink, appearing to read 'Michael Paszkiewicz', with a stylized flourish at the end.

**Michael Paszkiewicz**  
President
